## BIG SLASH IN EXPENSES

(Continued from page one)

of two instances where an increase was advised. The raise was voted down and the librarian's salary remains unchanged.

The library of Hawaii, at Hilo, was given \$6000 in place of \$5000. The auditor's salary had \$25 a month knocked off it. He will now get \$300 a month, the senate agreed. The treasurer suffered a \$50 decrease, his salary being reduced to \$300. The registrar of public accounts was cut down from \$257 a month to \$250, and the deputy bank examiner, a position created this legislature and not yet filled, will receive a salary of \$250 a month.

The treasurer's office will only be allowed \$4000 for expenses for the coming biennial period, which cuts it down \$2000. The bureau of taxes is to be given \$19,000 in place of \$20,000 for maps and surveys.

In the matter of the salary of the assessor of Oahu, the committee recommended that his salary be cut down to \$250, which would have meant a loss of \$25 a month to him. On the arguments of Senators Coke and Wirtz his salary was left unchanged. They urged that it be increased to \$300, but the motion was lost.

This was as far as the committee of the whole proceeded on the ways and means committee's report. It was ordered, when adjournment was taken, that the work be resumed at 2 o'clock.

**Work in Afternoon**  
Beginning work a little after 1 o'clock this afternoon, the senate continued working on the general appropriation bill, reported out by the ways and means committee of the senate this morning, and by 2:30 o'clock the recommendations of the committee had been passed on with the exception of the health and judiciary departments.

Dr. Pratt, president of the territorial board of health, took part in the discussion over the cuts made in his department, which aggregate the sum of \$84,000. The total amount the bill called for to be used for public

health work was \$1,051,000. Dr. Pratt stated that he would prefer that the \$84,000 be cut in ways different from that decided upon by the committee. Senator Penhallow, who is acting as chairman while the senate sits as a committee of the whole, requested the secretary of the board to point out the changes he desires. The senators will probably be engaged in working on this part of the bill for the rest of this afternoon.

**Tax Offices**  
Deputy assessors, etc., \$50,000 to \$57,500 (biennial).  
Second taxation division, Maui: Assessor, from \$250 and \$6000 to \$225 and \$5400.  
Deputy assessors, etc., from \$24,000 to \$22,000 (biennial).

**Third taxation division, Hawaii:**  
The senators are showing a strong inclination to back up the recommendations of the ways and means committee, and few of the cuts suggested have been resisted.

Senator Rice, chairman of the committee, stated when Dr. Pratt was called that he was willing to have the cuts made according to the advice of Dr. Pratt.

The changes which the doctor stated he wished to make were in the appropriations for segregation of lepers and pure food inspection, and others.

The recommendations of the committee in the other departments have been passed on. The senators now expect to be able to finish up the work this afternoon, and put the bill through second reading, and set it down for final reading tomorrow morning.

**Board of Health.**  
President from \$350 and \$8400 to \$325 and \$7800.

### HOCHI DID NOT SAY AMERICA WAS UNJUST

Declaring that he had been misquoted by the morning paper, Associate Editor Hata of the Hawaii Hochi, Honolulu's youngest Japanese daily, this morning informed the Star-Bulletin that his paper had printed no such statement that "America has been very unjust in its dealings with the Japanese." The morning paper went on to state that the Hochi had published the statement that the fact that the United States had done these unjust things against Japan was the fault of Japan. Both these statements are denied by Mr. Hata as ever appearing in the Hochi.

"It is true that we do oppose the 'California land law,'" he said this morning, "but it is our wish that the people of Honolulu keep cool and neither write nor say anything against the American foreign policy. We have a chance to take the matter to a higher court should we see fit to do so and therefore have plenty of time in which to discuss the matter. We are not opposing the American foreign policy and we have published statements to that effect, and the other Japanese papers of Honolulu have followed our plan. We have called the attention of Count Okuma the fact that the Japanese must keep quiet and refrain from disturbing the friendly feeling between the United States and Japan. Count Okuma's small talk has been cabled to all parts of the world and it is probably on account of that that a war scare has been started. Furthermore the Hochi has never inferred that America has been unjust in its dealings with Japan."

### SALUTE BOOMS FOR GERMAN GOVERNOR

Dr. E. Schultz, governor of German Samoa, who has been in Honolulu for some days past, returned the call of Admiral Moore this morning, and received the salute of seventeen guns due his high rank.

Admiral Moore served as naval governor of American Samoa several years ago, and takes a lively interest in the welfare of the island, and the progress that is being made by the natives. In fact, the local commandant gained the confidence of the natives to an extent seldom accorded to outsiders, and naturally he had many matters of interest to discuss with the German official.
